Purpose

This local document is for private supporter review. It explains the current UAOS evidence pack, the review flow, and the safety boundaries around the project.

Review Summary

The project has prepared a private local evidence pack that can be reviewed without deployment, payment handling, public release, keyboard transfer, or proprietary content copying. The material is meant to make the current project state easier to understand and discuss.

What Can Be Reviewed

- Local evidence overview.
- Supporter-facing safe summary.
- Manual review checklist.
- Screenshot capture plan.
- PDF/PPT readiness gates for future approved work.
- Safety status showing no keyboard output and no hardware transfer.

What This Does Not Claim

- This is not a public launch.
- This is not a payment-enabled product.
- This is not a deployed service.
- This is not keyboard-native output.
- This is not a transfer to hardware.
- This is not a proprietary sample or library package.

Safe Next Action

Review this PDF manually as local private evidence. Stop before keyboard output.
